

Green Shipping Container, 24-foot, like new. It has the lock protector box feature. It can be inspected 24/7 at the corner of Taylor Ave and Warren Street in Vallejo just North of HWY 780 near the Cemetery area on Rollingwood at Benicia Road. Contact Larry Ayers for more information as I live about a block from the site. Please give me a call at 707-554-1787 and leave a message, or talk a bit, and possible pick up. I paid \$2,650.00 a year ago for this nice container. Will accept any good offer. I'll consider a trade-out for the legal and professional services of a property surveyor to do a small job for me.
