President's Desk

Hello Boyz and Girlz,

I wish the weather would make up its mind. Rain, sunshine, fog, cold, and hot! Can we just be warm and have no rain? Only California! I will keep it as I like it all. Just no snow!

Hot August Nights will be here in about five months. Are you ready? Are you going? Are you signed up? Do you have your hotel? If not, join many of us. It's always fun. Honestly, we don't have our cars ready, not even for upcoming car shows! We've been working on all of them, but it seems like you get it done, and something else goes wrong with it. You know the story!

Grab some friends and go on a small cruise around the area. Then, meet for lunch, dinner, or some ice cream. I don't know about you, but I love to get into the classics and take a short ride with friends.

I am looking forward to seeing you at the next meeting, March 11, 2025, at 7 pm, at the Benicia Vets Hall. We will do the traditional "Wear Green" at this meeting for St. Patrick's Day.

1953 Buick Super Riviera 56R 2 Door Hardtop For Sale

This is a classic 50's automobile that begs for attention. A complete treasure trove of parts for an eager Buick restorer or a project for the nostalgic Buick buff. It's been sitting for many years and areas of the body (rear quarter panels) have rust intrusion, some to a major extent, a manageable task for today's skillful fabricators. Considering the vintage this vehicle is in pretty fine shape including the bumpers, grillwork and chrome moldings. Interior is in good shape and appears to have had a quality redo in the past. Has the 322CID Fireball V-8 engine and Dynaflo tranny. If parted out these useable parts would likely fetch in excess of my asking price. I don't have the time or money to transform it back to the beauty of its heyday. I'm asking \$2,500, OBO for the entire car. You will need to arrange for pickup. I am not selling parts. I have clear title and would love to sell to someone who can make use of this classic. I

>>> will also include several parts taken from a second Buick of the same year that I was planning to use in my intended restoration efforts. Those include a 322 engine block. My loss is your gain in this hidden gem of an automobile. This car is complete but needs some loving care, a chance to turn your magic into something special whether it be a sizzling restomod or that classic '53 you've always wanted. Help save this one from the shredder. I'm located in Rohnert Park, California.

1953 Buick Super Riviera inventory:

L. Front Fender complete with chrome headlight bezel and turn signal \$250 - R. Front Fender complete with chrome headlight bezel and turn signal \$250

Front Windshield \$250 - Rear Windshield \$250 - Front Windshield Chrome Moldings \$250

Rear Window Chrome Moldings \$250 - Hood \$250 - Hood Ornament \$250 - Hood Emblem \$150

L. Door and chrome trim \$300 - R. Door and chrome trim \$300 - Chrome moldings on rear quarter panels \$500

>>> Trunk Deck Cover \$250 - Trunk Deck Buick Super Emblem (complete) \$100 -

Front bumper complete with all sections and all teeth in grillwork \$1000 - Rear bumper complete with license plate framework \$750

>>> Wheels complete with rims and wire wheel inserts typical of 1953 Buick models \$500

>>> Chrome gas filler trim \$50 - Seats front and rear \$500 - Steering wheel \$250

>>> Complete Dash with all gauges/clock \$1000 - Interior chrome moldings \$500

>>> Useable car body, frame, motor (322 Fireball V8), transmission (DynaFlow) and running gear \$1000 -

Total estimated value: \$9,150

Boyz Car of the Month

Let's See What You Got!!!

Send me a photo of your car or truck and a little something about it! Make it short and sweet!!!

Boyz and Girlz

Wanted to share a story about buying my first car.

I grew up in the little town of Lompoc - central coast close to Solvang

We had a vibrant car culture going on in the 70's and I was fortunate to be part of it. When I was like 14 had a couple guys a few years older take me cruising' (at that time Friday and Saturday night it was the deal) one had a 68 Camaro - 6cyl that bronze gold with black rally stripes - another had a 56 Chevy yellow (but not the good corvette chrome yellow) but still a cool car - so got approval from dad to cruise with these guys and it was awesome they had 8 tracks but we mostly listened to the rock LA radio stations on AM that came in loud and clear

All the time I'm checking out all the cars and dreaming thinking of what I want for my first car

There was a white 65 Impala with those lower red orange blue stripes at rocker panel kicking up over the quarter panel they did back then - my buddy's older brother had a 66 Chevelle black on black with a 396 4 speed - so those were my top two Had been working with dad in construction so had some money to spend - talked to dad and said yeah gonna look for a 65 Impala - dad said, isn't that kinda a big car" and I'm like ok and go the Chevelle route

So, I'm looking looking, looking for months - and going for a 67 Chevelle - obviously before internet and cell phones all newspaper - late December see an ad for a 67 Chevelle \$750 - and I'm all over it - BUT we were getting ready to go to so cal for grandparents Christmas party and mom was saying no - dad and I talked her into to letting us go check it out We did - 67 Chevelle - 283 powerglide - interior nice except for driver seat - ran good so, this was an Airforce guy getting transferred - negotiations

My dads buddy had told me "you always have the cash in your pocket that you are willing to spend"

We sit down and my dad is being quiet as usual so, I had to go with it - and said "I'll offer you \$200" - and shut up

He went to the back room and had some back and forth with his wife came back and said yes done deal

Drive it home and tell mom not going to Christmas party gotta work on my car - that was a big no - BUT when in so cal my uncle (who always had street rod stuff going on) had just taken some unilug Cragars off his 36 Ford and said Merry Christmas - nothing but smiles

Have a lot more stories of what went into this car - but a kids first car is special and, I was blessed with a very cool one.

This could be your car!!!
