President's Desk

Hello Boyz and Girlz,

The year is officially half over! How can that be? It was just January, I swear! Who is going to Hot August Nights? Who is going to Grant's Pass, Oregon? There are a few going to each one of these. I'm glad people are getting out and enjoying the weather. I'm sure there is much more going on than we know about. Just get out and enjoy driving your cars.

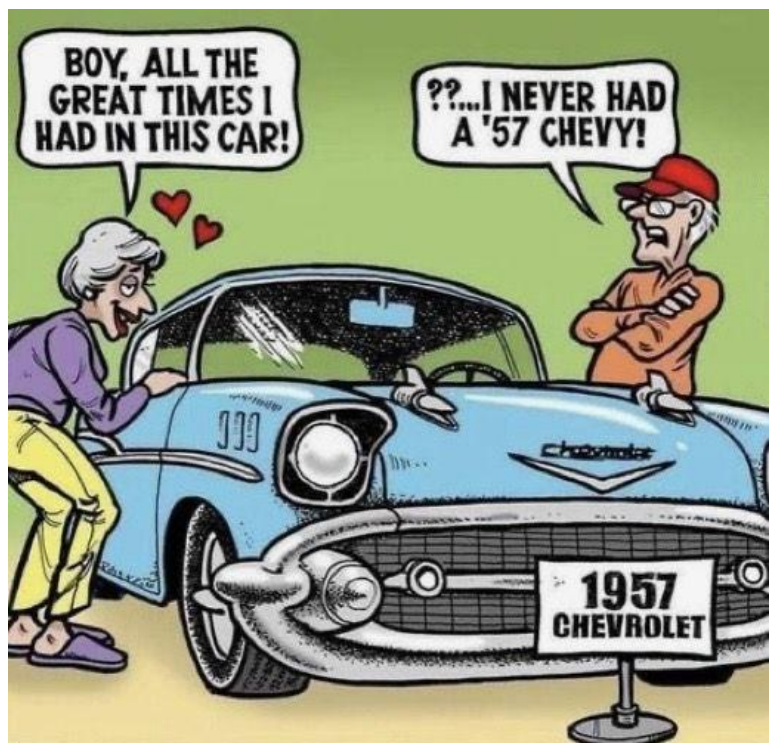

I want to send a big shout-out to Marty and Jeanne Owens for taking on the responsibilities of the Social Director. I also want to say a BIG thank you to Dan and Cristy Cordeiro for their time in this position. You have done a fantastic job.

Even though Summer is about to end, I think the hotter days are on their way. Bring out the convertibles and put the tops down, and if you don't have a convertible, roll down all the windows and enjoy the sun. We have many shows coming up, and you can always make up your own little drive for a few hours with friends. Just give them a call and roll on out.

Don't forget: for the next meeting, on August 11th, bring your favorite vinyl record and receive a raffle ticket. Also, don't forget to bring canned food items.

Chow for now,

*Laura J. Miller

KK Boyz and Girlz - little story

Once upon a time a little red truck saved Christmas.

Back in the day Christmas was either at grandparents in socal or Lompoc at the ranch. Well on a particular year it was at the ranch - girls were very young - Teena took them to her family in socal days before Christmas and then heading up to Lompoc for Christmas.

So I was working and planned on heading down on the 23rd - was driving a 93 Pontiac Bonneville - supercharged 3.8 V6 - great car btw - went to BofA Benicia atm at night to get cash for the trip - got back in car and nothing... - nothing.... - if you had a GM car from that era you'll remember a little blue security fob - took that in and out - nothing. Walked over to Safeway and bummed a ride home (before cell phones).

Took the red truck next morning down to the Chevron next to Safeway - which at the time had mechanics bays - talked to the owner - and pointed to my car across the lot and asked if he could take a look at it - and the dude was just an ass - gotta charge you this - and gotta charge you that.....and I'm like you see the car we could push it over here - but he was just an ass - so had it towed home....(and yeah it ended up being the fob thingy)

NOW - the bigger deal was I had all the Christmas presents - hmm have the red truck - hmmm raining no wipers - (also early in its life - no disc brakes or new wiring etc - pretty rough) - BUT had to get Christmas presents to Lompoc - so rainex it was and made the trip - Gilroy to Salinas was huge downpour - but rainex works great when driving at speed.

Yes, made it - presents for all - and just sayin sometimes our hot rods become family - and this little red truck is big part of our family and history... and has a lot more stories....

Keep on Cruizin
